OUR COMPANY BENEFITS WHY CHOOSES OUR COMPANY?

A quote from Simon Sinek, author of the book, Start with Why, which states "People don't buy what you do; they buy why you do it." makes one think of the different factors behind why a customer wants to do business with a company. There are several reasons why a customer might choose our company, but we mostly felt it boiled down to the below three key benefits :

Benefit 01: Reliability

Benefit 02: Competitive prices

Benefit 03: Outstanding customer service

Clients Feedback

In today's digital world, small businesses must embrace reviews. This means asking our customers to leave reviews (www.hekayafoods.com), keeping a close eye on them (monitoring our reputation), taking the time to respond to them, and sharing our best reviews on social media as reviews are critical and will be top of mind.
